John D. McIver, Policy Committee Chairman

The **Technical Coordinating Committee** (TCC) is made up of key government and agency transportation staff members who are involved in technical aspects of transportation planning. It reviews and evaluates all transportation studies and provides recommendations to the Policy Committee. The TCC is entrusted with providing technical guidance and direction to HAMPO.

The TCC is composed of key transportation staff members of participating governmental jurisdictions and private transportation stakeholders or a designated representative of these members. The chief elected official of each municipality appoints the TCC representative for their respective jurisdictions.
