Local	\$ 29,194.42	\$ 35,352.77
Total	\$171,644.89	\$194,038.85

- Both the TCC and CAC have reviewed the 2016 UPWP and recommended approval.
- Jeff presented information on pending rules to eliminate rollover of unused highway PL from one fiscal year to the next similar to 5303 planning assistance. Rollover is not allowed for 5303 but supplemental grants are available. Supplemental grants will be available for PL if rollover is eliminated.
- After discussion, Allen Brown made the motion approve to the FY 2016 UPWP as presented and authorize the Chair to sign the resolution, seconded by William Murphy, and all voted in favor.
- Application for 5303 Planning Funds (action)
 - With approval of the FY 2016 UPWP by the PC, Staff is requesting authority to apply for 5303 transit planning assistance is an amount of \$51,346 (80% federal - 10% state - 20% local) for FY 2016.
 - After brief discussion, Mayor Austin made the motion to apply for 5303 transit planning assistance for FY 2016 and authorize the Chair to sign the resolution, seconded by Gary Gilliard, and all voted in favor.
- Selection of Offices for 2015 (action)
 - Due to the absence of the Chair, this item was tabled to the next meeting.

6) OTHER BUSINESS:

- a) Consider Meeting Time of Day Change (action)
 - To make the meetings more convenient for the members, meeting times for TCC and PC are being proposed to move from 10:00 AM to 9:00 AM as discussed in prior meetings. A revision to the bylaws is required to make this change.
 - Mayor Austin made the motion to amend the PC and TCC bylaws, Article VI, Meetings, by deleting 10:00 AM and adding “and the time” as directed by the Policy Committee and authorize the Chair the sign the resolution, seconded by Gary Gilliard, and all voted in favor.
- b) The Georgia Transportation Funding Act of 2015
 - On January 29, 2015 HB 170, Transportation Funding Act of 2015 was placed in the house hopper.
 - The act will convert the sales tax on motor fuel to an excise tax set at 29.2 cents per gallon which approximates the sales tax rate and will be inflation adjusted.
 - Converting to an excise tax adjusts Georgia’s participation in the International Fuel Tax Agreement and will result in an additional \$60 million per year.
 - Will move the “fourth penny” revenue collected on motor fuel from the state’s general fund to an additional \$175 million in transportation funding per year.

- Existing SPLOST will be honored but cease after expiration. Motor fuel would be exempt from any future SPLOST.
- Local governments can charge an additional excise tax of up to 6 cents per gallon (3 for counties and 3 for cities) for local projects by a commission or council vote. Additional excise taxes would require a local referendum.
- All electric or all natural/propane vehicles will pay a user fee of \$200 for non-commercial and \$300 for commercial vehicles each year.
- A significant bond package and increase in funding for LMIG

c) Update on MAP 21 and Highway Trust Fund

- Highway and Transit Policy (aka MAP 21) expires on May 31, 2015.
- DOT appropriations run out on September 30, 2015.
- FAA reauthorization expires on September 30, 2015.

HAMPO CAC MINUTES: February 24, 2015

The Citizens Advisory Committee (CAC) on Transportation met in Room 1100 of the Historic Court House, 100 N. Main Street in Hinesville at 5:30 PM on February 24, 2015.

On February 24, 2015 the Citizens Advisory Committee hosted the first of two public meetings for the Non-Motorized portion 2015-2040 Long Range Transportation Plan on Transportation. The presentation was facilitated by Rachel Hatcher with Reynolds Smith and Hills (RS&H) with a robust discussion on the plan with members of the committee and the public in attendance.

This meeting was documented as a LRTP public meeting and as no other action occurred at the meeting, no minutes were taken.

3) APPROVAL OF MINUTES:

- a) Mayor Washington made a motion to approve the minutes of January 16, 2015, seconded by Lily Baker, and all voted in favor.

4) OLD BUSINESS:

- a) Road Work and Project Updates
Update on GDOT and Local projects:

GDOT:

- Veterans Parkway Widening, EG Miles to Gate: Winter 2016 completion
- Veterans Parkway Widening, Gate to Hero Rd: 95% Plans, Bid February 2016
- Airport Road Widening: Spring of 2017 completion
- Russell Swamp Bridge: Winter of 2016 completion
- Flemington Curve Improvements: Bid Summer 2017
- Hinesville Bypass (US 84 Freight Bypass): Environmental @ 30%, alignment issues

Local

- Barrington Ferry: On schedule for summer completion
- Hinesville: LMIG 3 miles of overlay and striping

Liberty Transit

- Application has been made for 5307 funding for State FY 2016
- Operations: \$441,955 Fed, \$26,829 State, \$254,152 Local (61% - 4% - 35%)

b) Transportation Comment Log

A complaint was received regarding the two day closure of Dunlevie by CSX. CSX contacted and all signage and notifications were documented. No action required.

c) Legislative Update

- Federal: Highway and Transit policy expires on June 1, 2015; Highway and Transit appropriations run out on September 30, 2015; and FAA policy and funding expires on October 01, 2015.
- State: HB 170 passed by the House and Senate on March 31st:
 - Proceeds will be dedicated to transportation.
 - The transportation funding plan will raise \$900 million annually
 - The excise tax on gasoline is 26 cents and diesel fuel is 29 cents per gallon.
 - A new \$200 fee on electric vehicles.
 - A new \$5 per night hotel or motel fee.
 - The elimination of the state's \$5,000 tax credit for new purchases or leases of electric cars after July 1.
 - Local Option for up to 1% sales tax after July 2017.
- Local: SPLOST possible November 2016.

5) NEW BUSINESS:

a. Presentation of 25 year Traffic Model

- GDOT and their consultant presented background and socio-economic information on the Traffic Demand Model for the 2015-2040 MTP. The first two models, the 2010 base year and 2040 “do nothing” models were presented. The consultant confirmed the traffic demand

models (TDM) would incorporate the Hinesville Bypass and the capacity improvements on US84. Questions were raised on trip distribution with the consultant to investigate.

- A motion was made to recommend approval of the 2010 base year and 2040 “do nothing” TDMs, subject to any revisions from comments, to the Policy Committee, seconded and all voted in favor.

b) MTP Non-Motorized Transportation

- Rachel Hatcher led the discussion on the next phase on the 25 year transportation plan, non-motorized projects. The draft list was circulated for comments and public meetings were held. The list does not need to be prioritized. Paul Hawkins requested sidewalks for Old Sunbury and Old Hines/Performing Arts be added. The “Final list” as amended was endorsed by the TCC.
- The Transit Propensity Analysis was presented using data from the 2010 Census to determine the relative propensity to use transit service. Characteristics that influence transit use: households without cars, poverty, minority, female, disability, mobility limitation, workers 65 years and older, and density. This approach highlights the relative “need” for transit service by census group block. In addition to the areas served by Liberty Transit, the Walthourville area has a documented need for transit.

6) OTHER BUSINESS:

- a) The basic intent of Complete Streets is to share the public right of way with non-motorized modes of transportation. In 2012, GDOT adopted a Complete Streets Policy and issued Chapter 9, Complete Streets, in their Design Policy Manual. This manual is for the design of roadways and related infrastructure. Joey Brown expressed concern of additional requirements for road work in the rural areas and was informed Complete Streets infrastructure would only be required if justified.

- The proposed resolution states “staff is directed to work with its member agencies to adopt resolutions, policies, guidelines and or standards as necessary for the implementation of Complete Streets.”
- Mayor Washington made the motion to recommend approval of the Complete Streets Resolution, subject to adding the word “to” (staff is directed to work with), seconded by Trent Long, and all voted in favor.

b) 5307 “Associated Transit Improvements” Grant

- The City of Hinesville included “Associated Transit Improvements” in their 5307 grant application for FY 2016. Projects will be pedestrian improvements to access to transit and other essential services with emphasis on improved service to our underserved communities in Hinesville. Funding available is the difference between the federal allocation and the operation cost.
 - $80\% \text{ Federal} + 10\% \text{ State} + 10\% \text{ Local}^* = \text{Total}$ (* SPLOST Dependent)
 - $\$268,572 + \$33,572 + \$33,572^* = \$335,715$

- If grant approval is achieved, the plan is to aggregate 3 years of funds and cause construction in the fourth year on a repeatable cycle.

c) 2014 LMIG Mileage Reports

- On February 18th, GDOT requested HAMPO to assist again with the reporting/validation of road centerline mileage to GDOT in support the LMIG Program. Hinesville and Liberty County report their own mileage. For the others, staff can report the following:

	Alenhurst	Flemington	Gum Branch	Midway	Riceboro	Hinesville	Liberty
paved =	5.12	7.06	1.23	9.86	12.34	130.51	144.63
un-paved =	0.63	2.10	1.63	3.51	1.39	2.08	99.90
total =	5.75	9.17	2.87	13.37	13.72	132.59	244.53

3) APPROVAL OF MINUTES:

- a) During discussion, William Murphy with GDOT requested that the April 1 minutes be amended by adding the word "local" in front of "alignment issues" for the Hinesville Bypass. The motion was made to approve the minutes of April 1, 2015 as amended, seconded, and all voted in favor.

4) OLD BUSINESS:

- a) Road Work and Project Updates

Update on GDOT and Local projects:

GDOT:

- Veterans Parkway, EG Miles to Gate: under construction, completion late 2017
- Veterans Parkway Widening, Gate to Hero Rd: 95% final plans, bid early 2016
- Airport Road Widening: under construction, completion spring 2017
- Russell Swamp Bridge: under construction, completion late 2016
- Flemington Curve Improvements: preliminary Plans at 50%, bid mid 2017
- Hinesville Bypass (US 84 Freight Bypass): local alignment issues

Local

- Barrington Ferry: 95% completed, summer 2015 completion
- Hinesville: LMIG 3 miles of overlay and striping underway

Liberty Transit

- A ridership steady, 13 month average April '14 to April '15: 1.94 trips per revenue service hour, April 2015: 1,395 total trips (April 2014 1,342) (4% year over month)
- April revenue service hours 726.96

b) Transportation Comment Log

The CAC requested GDOT to look at the US84 Wal-Mart Tractor Supply intersection for any possible improvements. The TCC requested included the Liberty Chrysler driveway due to conflicting movements with the WB Veterans turn lane Greg Wasdin will be the contact for GDOT.

c) Legislative Update

- Federal: Airport, Highway and Transit policy and appropriations expire on September 30, 2015.
- State: HB 170: The governor signed the legislation.
 - After July 1, 2017, County Authority for a Transportation Sales Tax by referendum only, 1% max, and for five years.
- Local: SPLOST possible November 2016.

5) NEW BUSINESS:

a) Presentation on the Traffic Demand Model

- On April 9th, the PC approved the 2010 base year and 2040 “do nothing” TDM’s subject to any comments from the TCC. The LRTP working group (Paul S, Trent, Billy, Joey and Nils) meet informally and submitted comments on the models and these comments were addressed as follows:

- The traffic shown for the dirt road connecting 15th Street and Curtis Road was rerouted to 15th Street and EG Miles.
- The traffic shown for Holmestown Road was rerouted to SR196 and US84.
- The traffic counts for 2010 base year were low due to deployments. This will not affect future models and the models will be based on socio economic inputs which include a normal population base and work inputs for Fort Stewart.

b) Next TIP Projects

- Annually, HAMPO updates its four year Transportation Improvement Program. For 2016 to 2019, the following projects will be priority. The first four are in current TIP and the remainder on the high priority band one projects form the draft 2040 LRTP:

- #210 Veterans Parkway Widening from EG Miles Pkwy to Fort Stewart boundary: Widening
- #Safety Flemington Curve from Old Sunbury to Old Hines Road: Safety, Access Control
- #211 Veterans Pkwy Phase II from Fort Stewart boundary to Wilson Avenue: Widening
- #115 Hinesville Bypass (western segment) from SR 119 to US 84: New Construction
- #319 Oglethorpe Hwy/US 84 from General Stewart Way to MLK Jr. Drive: Safety, Access Control
- #154 Sandy Patriots Connector from Sandy Run Dr to Patriots Trail: New Construction
- #321 Oglethorpe Hwy/US 84 from General Screven Way to Flowers Drive: Safety, Access Control
- #320 Oglethorpe Hwy/US 84 from MLK Jr. Drive to General Screven Way: Safety, Access Control
- #318 Oglethorpe Hwy/US 84 from Old Hines Road to General Stewart Way: Safety, Access Control
- #308 Oglethorpe Hwy/US 84 from I-95 to Charlie Butler: Safety, Access Control
- #N365 General Screven Access Improvements from US 84 to Fort Stewart Gate 1: Safety, Access Control
- #322 Oglethorpe Hwy/US 84 from Flowers Drive to Topi Trail: Safety, Access Control
- #307 South Main Street from Darsey Road to Deal Street: Mix: widening, median, access improvements
- #310 Oglethorpe Hwy/US 84 from Peach Street to Butler Avenue: Safety, Access Control
- #317 Oglethorpe Hwy/US 84 from Spires Drive to Old Hines Road: Safety, Access Control
- #314 Oglethorpe Hwy/US 84 from SR 196 to Brights Lake Rd: Safety, Access Control
- #323 Oglethorpe Hwy/US 84 from Topi Trail to Airport Road: Safety, Access Control
- #302 E.G. Miles Pkwy Access Management from Strickland to General Screven Way: Mix: Raised Median, Access Control

c) Non-Motorized Plan

- Rachel and Staff presented for the “final” non-motorized plan for the 2040 LRTP. The list of projects is not prioritized. At the request of Paul Hawkins, pedestrian facilities for Joseph Martin and Old Sunbury Road were added.

d) Presentation on Title VI - Service Discrimination

- Information was presented on Title VI of Civil Rights Act of 1964 to prohibit discrimination on the basis of race, color, and national origin in programs and activities receiving federal financial assistance. Prohibition of discrimination based on age, disability, environmental justice and limited English were added in subsequent years.
- Joey Brown requested written clarification as to supposition that all HAMPO members were subject to Title VI because of this membership.

- Local: SPLOST possible November 2016.

5) NEW BUSINESS:

a) Presentation on the Traffic Demand Modeling:

- 2040 traffic is driven by the future socioeconomic data.
- The model provides guidance where volume exceeds capacity (level of service) to identify future congestion
- The daily LOS derived is a planning concept and different from peak hour experience.

- The base year was full deployment at Fort Stewart. And used 2010 traffic counts. This does **not** affect 2040 projections at the model is input sensitive that will give reasonable projections about future traffic regardless of the base year model. The model is validated both against a more-population and heavier-traffic year or a fewer-population and lighter-traffic year.
- Maps were presented showing the 2010 Base Year, 2040 Do Nothing, Current and Short Term projects,

b) Next TIP Projects

- Annually, HAMPO updates its four year Transportation Improvement Program. For 2016 to 2019, the priority will be based on the projects ranked in the pending LRTP.

c) Non-Motorized Plan

- Rachel and Staff presented for the “final” non-motorized plan for the 2040 LRTP. The list of projects is not prioritized.

d) Presentation on Title VI - Service Discrimination

- Information was presented on Title VI of Civil Rights Act of 1964 to prohibit discrimination on the basis of race, color, and national origin in programs and activities receiving federal financial assistance.
