5b. FY 2021 UPWP Adoption (action)

Section A – UPWP Development and Participation process:

- 3rd paragraph, second sentence: Please revise “annual priorities” to be consistent with actual “Annual Priorities” section of remove this paragraph entirely as annual priorities look beyond the goals of an MTP.
- 5th paragraph, first sentence: Please edit to include PC. Currently, CAC is highlighted twice.
- UPWP Amendments: Remove last paragraph/sentence stating UPWP amendments to the FY 2021 UPWP are on pg. 4.

Section B – FY 21 Planning Focus Areas:

- Please include 2020 Census as a FY 2021 priority and outline associated activities under the relevant Tasks / Subtasks
- I recommend activities to re-evaluate and update the MPO’s Bylaws, Participation Plan, COOP, etc.
- Performance management continues to be a priority, please, include annual TPM target setting as a priority and outline associated activities to accomplish this task;

5b. FY 2021 UPWP Adoption (action)

Section B continued:

- Freight Planning tasks with identified activities. This MPO has a fairly current Freight Plan, how is it being implemented and evaluated; how is coordination and with who; ways to assess/evaluate any implemented freight related projects and/or strategies? Freight representation; etc.
- Public Involvement to coincide with the MTP update

Section C – Performance Based Planning:

- PEAs: Please remove the federal PEAs to include acronym and the FHWA/FTA letter in the Appendix as these PEAs are dated. Furthermore, these areas should now be a part of your planning and programming process.
- **Planning Activity Factors Matrix**: This matrix contain several N/As. Based on the overall metropolitan planning process, some of these tasks should not be N/As for addressing the federal planning factors, Congestion Management for instance. How is this region monitoring and addressing congestion? Currently, this MPO is looking at congestion management as a required product of TMAs instead of identifying activities to address any current and/or future congestion in this region.

5b. FY 2021 UPWP Adoption (action)

Section D: UPWP Tasks and Phases:

- 4.11 MTP - Please add amendments to the FY 2045 MTP as potential activities during FY 2021. This can follow the same list of activities as the TIP as the TIP is a subset of the MTP
- **UPWP Budget Summary:**
- There are inconsistencies with naming Systems Planning/Systems Analysis. Please revise for consistency.

General:

- I encourage this MPO to create a separate section somewhere at the beginning of this document to summarize and highlight its noteworthy accomplishments during FY 2020
- Please revisit last year's comments to see if they were addressed. If not, how they will be addressed during FY 2021

5b. FY 2021 UPWP Adoption (action)

Suggested Motion:

Motion to recommend that the Policy Committee Adopt the FY 2021 UPWP, incorporating any substantive comments received from the public and oversight agencies.
