Ronda Durney	In opposition	<p>This area, if built up, is going to cause massive traffic problems. The area near exit 76 is being way overbuilt and it will soon be nearly impossible to have decent access to I-95.</p> <p>Until Liberty County infrastructure is created to handle more building, there should be absolutely NO REZONING. The rezoning will only create problems and cost the county a fortune now and later on,</p> <p>Vote NO to rezoning.</p>
David Marin	In opposition	"I strongly oppose rezoning"
Debbie Marine	In opposition	I strongly oppose rezoning!
Doris Collins	In opposition	The communities south of 95 pay a disproportionate amount of taxes in Liberty County. We should have a day in our community and we do not want the industry.
Charlene Collins	In opposition	You are biting the hands that feed Liberty County the most property tax money. People will be ready to leave the coastal communities if this industry and traffic are allowed in. The two lane roads cannot even support this.
Lisa Moseley	In opposition	Too close to environmentally sensitive area
